The jury in the case of John E. Burke against the Virginian-Pilot for \$15,000 libel, was discharged to-day, being unable to agree. The jury stood six to one in favor of the paper.

SNOW STORM.

This section is again in the grlp of a heavy snow storm. Three inches of dry, sitty flakes piled upon the level to-day. The temperature has been falling steadly since yesterday, when it stood at 45 degrees. It went down to 20 degrees last night and this morning at 6 o'clock stood at 22 degrees. It only rose three degrees during the day.

Shipping and retail traffic have been interfered with. The boats from Baltimore and Washington are also having a hard time maintaining schedules. The small sailing craft is hugging port. No disasters have been reported from the coast.

WORKING UP INFLUENCE.
The members of the International Association of Machinists who are employed in the government navy-yards of the country, both on the Atlantic and the Pacific coasts, have for some time past been agitating the subject of the construction of battleships in government asyy-yards.

As a result of this agitation, loical lodge executive are divided into two separate

navy-yards.

As a result of this agitation, loical lodge sometime ago divided into two separate organizations, the navy-yard employes forming one lodge and retaining the charter of the old lodge, while the rall-way machinists formed a new organization. This was done in order that the principal effort of the navy-yard machinists might be devoted to the furtherance of the plan of building battleships in government yards.

Mr. Daniel J. Reardon, one of the leading members of the navy-yard lodge, has just returned from Washington, where he went as a delegate to assist in forming a district lodge of navy-yard machinists, whose headquarters shall be in Washington, where of necessity the agitation for government construction of ships of war must be carried on. Mr. Reardon was accompanied by Mr. Henry Pile, of Berkley, as a delegate from the Norfolk lodge.

Mr. Reardon is very much elated at the prospect of effective work being done by the Influence of the district lodge, He believes that it will result in the early construction of a battleship at this navy-yard.
